

K-LOVE serves me as a resident of the city of Memphis and surrounding area. It is so nice to have wholesome music and commentary that promotes the values I hold. As the father of two small children, I am thankful that my children aren't exposed to profanity or sexually suggestive lyrics as other popular radio stations are prone to air. K-LOVE provides a safe spot on the radio dial.

If K-LOVE were displaced by an LPFM broadcaster providing alternative programming, I am certain that the effect to the local community would be damaging. K-LOVE provides positive, encouraging music, with messages of hope and healing...something all communities need. The message of the incredible love of our CREATOR is evident in the broadcast of K-LOVE...once again, it provides a safe haven for those who enjoy and believe in the message of love.

I believe that the service that K-LOVE provides to my community and communities across the nation are vital, and is in the public interest. When families or our nation have faced crisis in the past, the first place they turn to is a faith-based organization...by having K-LOVE continue to air in its current capacity, the message of hope, healing, love and encouragement are only a radio dial away...often when a place of worship is not readily available.

PLEASE do not displace K-LOVE with an alternative LPFM broadcaster.

God Bless America!
